

CLEANING SYSTEMS & EQUIPMENT

From small to large capacity, ATEC's complete line of cleaning systems and parts washers, can make the time consuming cleaning process as easy as loading, setting the timer and pushing the start button.

Constructed of 12 gauge steel, our systems are heavy duty and economically price effective, manufactured in North America, and covered by the ATEC Warranty.

Designed in a variety of sizes and configurations for use in a multitude of industrial, commercial, manufacturing and automotive applications.
